

DR REPS / CUSTOMER

Customer Website Guide

Step-by-step ordering on phone and computer

Choose size 42 and two units, then add them to the bag. · computer · actual UI/sample records

Customer instructions. Also available from the home-page FAQ and /help. Screens show the real website with sample records. Example items, names and amounts are not live stock or promised earnings.

Use this guide

Choose a task in the clickable contents. Each numbered box identifies the actual field, button or result for that instruction. Read the enlarged screens in order, then check the scenarios and notes. Routes begin at your DR Reps website address. Computer and phone screens use the same saved accounts and records.

01 How ordering works

OPEN /

You shop with DR Reps. Browse a product or describe what you need, request a quote, then decide whether to buy.

A referral code may credit the person who introduced you or apply a discount. The products, quote, payment and delivery are handled by DR Reps.

- 1. Browse.** Use the shop without an account. Products show Price on request because a price is sourced for your request.
- 2. Request.** Add catalog items to your bag, or use Request anything for an unlisted item. Sign in to send a request.
- 3. Send.** The website creates an order and opens a prepared WhatsApp message. Press Send in WhatsApp.
- 4. Unlock.** DR Reps sends a price code. Enter it on the matching order page to see the price.
- 5. Confirm and follow.** If you accept, agree payment and delivery with DR Reps. My orders shows the store's recorded updates.

02 Start on a computer

OPEN /shop

Use the top header and category bar to move around the website.

Search, browse categories, open Bag or My orders. · computer · actual UI/sample records

- 1. Find items.** Type an item or category in Search for items or categories, then press Enter or click the search button.
- 2. Browse categories.** Choose New in, a category, or All products. Use the available category/condition filters and sort.
- 3. Open details.** Click a product photo or name. Read condition, description and sizes before adding it.
- 4. Open your bag.** Click Bag in the top-right header. The count shows units in your request bag.
- 5. Find your orders.** Click Sign in or the account icon. After signing in, use My orders.

03 Start on a phone

OPEN /shop

The same functions fit into the phone header. Some labels become icons.

Phone controls: menu, search, Bag and account. · phone · actual UI/sample records

- 1. Open the menu.** Tap the three-line menu at the top-left for categories, All products, Request anything and account links.
- 2. Search.** Tap the search field below the logo, enter the item and tap the search button.
- 3. Browse.** Scroll down through products. Swipe horizontally along the category bar or product rails when needed.
- 4. Bag and account.** Tap the bag icon for your selected items; tap the person icon for Sign in or My orders.

HOW IT WORKS

Open the phone menu for catalog, packages and marketplace shops. · phone · actual UI/sample records

- 1. Open the menu.** Tap the three-line menu at the top-left for categories, All products, Request anything and account links.
- 5. Return after WhatsApp.** Switch back to the browser tab to see the order page. Your saved orders are also available after signing in on a computer.

04 Choose an item, size and quantity

OPEN /p/...

The product detail page contains the selection controls. Adding an item requests a quote; it is not a payment.

A product listing is not a stock reservation. DR Reps confirms availability, condition and the final quote.

The diagram shows a product selection interface with the following components and callouts:

- 2 Choose a listed size:** Points to the 'Select size' section containing buttons for sizes 40, 41, 42 (selected), 43, 44, and 45.
- 3 Set the number of units:** Points to the quantity controls, which include minus, plus, and a central number field (currently showing '2').
- 4 Add this selection to the request bag:** Points to the 'ADD TO REQUEST BAG' button, which features a shopping bag icon.

Below the quantity controls is a link: [Add a note](#).

Choose size 42 and two units, then add them to the bag. · computer · actual UI/sample records

- 1. Inspect.** Click/tap gallery thumbnails and read Product details and How pricing works.
- 2. Select size.** Choose the listed size when the product has sizes. For different sizes, add separate selections.
- 3. Set quantity.** Use – / + or the quantity field. Open Add a note for colour or other relevant details.
- 4. Add.** Click Add to request bag. On a phone, the bottom Add to bag button submits the same selection.

The diagram shows the 'Add a note' section of the interface. It includes a link [Add a note](#) and a text input field containing the placeholder text 'Color, condition, anything we should know'. A callout **3 Write a note for this product** points to the text input field.

Add a short product note before sending the request. · computer · actual UI/sample records

- 3. Set quantity.** Use – / + or the quantity field. Open Add a note for colour or other relevant details.

The same choice and Add to request bag on a phone. · phone · actual UI/sample records

2. Select size. Choose the listed size when the product has sizes. For different sizes, add separate selections.

3. Set quantity. Use – / + or the quantity field. Open Add a note for colour or other relevant details.

4. Add. Click Add to request bag. On a phone, the bottom Add to bag button submits the same selection.

5. Ask directly if needed. Ask on WhatsApp lets you ask DR Reps about the item. That chat alone does not create a tracked order; use the bag/request flow to create one.

05 Browse Packages Offers on phone or computer

OPEN /packages

Packages Offers shows special fixed-price bundles separate from the ordinary price-on-request catalog.

Availability is not guaranteed. A stock-confirmation request does not reserve items or take payment. Confirm stock and delivery charges with DR Reps before paying.

Updates every 48 hours Stock availability is not guaranteed. Confirm availability with DR Reps before purchase.

Scenarios and next steps

Situation	What to do
1. One package vs multiple	The displayed price is for one package. Quantity 2 means two complete bundles, not two single included items.
2. Waiting after submission	Confirming package stock is expected. DR Reps must confirm the items and final delivery charges, then send a price code.
3. Unlock and optional referral	Enter the current order price code. Apply a valid referral code if appropriate, then agree payment with DR Reps.
4. Unavailable button / removed offer	Choose a current alternative or contact DR Reps. An unavailable offer cannot accept a new request.
5. Mixed sizes or substitutions	Write exact needs in notes and confirm with DR Reps. Changes are not guaranteed by selecting one bundle option.
6. Price or contents changed later	Your submitted request retains the offer details at submission. Confirm the final quote with DR Reps; current catalog changes do not silently rewrite it.
7. Cancelled / refund needed	Contact DR Reps with the order number. Payment, delivery and any refund are handled by the store; the website has no automatic refund button.

07 Shop with independent Marketplace Sellers

OPEN /sellers

When enabled by the owner, Sellers and Distributors list independent businesses across product categories. Their shop name and products belong to that merchant, unlike a hidden DR Reps referral partner.

DR Reps referral discounts and commission tracking do not apply to direct marketplace shop enquiries. This version has no shared marketplace checkout.

Email (optional)

Password

CREATE ACCOUNT

1 Enter your name

1 Enter your WhatsApp number

1 Create a customer password

2 Create your customer account

Create a separate customer account. · computer · actual UI/sample records

1. Create account. Enter Full name, WhatsApp number with country code, optional Email and a password of at least 8 characters.

2. Submit. Complete the human check if it appears, then click Create account. You return to the bag or request you were working on.

The diagram shows a sign-in form with three main components, each associated with a numbered callout:

- WhatsApp number:** A text input field containing the example number "+20 100 123 4567". A callout labeled "3 Enter your account phone" points to this field.
- Password:** A password input field. A callout labeled "3 Enter your customer password" points to this field.
- SIGN IN:** A dark button with the text "SIGN IN" in white. A callout labeled "3 Sign in to your account" points to this button.

Returning customers sign in with the same number and password. · computer · actual UI/sample records

3. Returning user. Choose Sign in and enter the same full WhatsApp number with country code and password.

4. Number already registered. Sign in instead of creating another account. If you forgot the password, contact DR Reps on WhatsApp for a reset.

5. Shared device. Use Sign out in My orders when finished. Keep your password private.

11 Request an item that is not listed

OPEN /request

Request anything collects the item details in one form. Sign in first.

Reference photos must be JPG, PNG, WEBP or GIF, up to 5 MB. Sourcing depends on availability; an unlisted-item request is not a guarantee.

The form is divided into three main sections, each with a numbered callout:

- 1 Choose the kind of item**: This section contains a grid of category buttons: Apparel (t-shirt icon), Accessories (hat icon), Sneakers (sneaker icon), Outerwear (jacket icon), Electronics (headphones icon), and Something else (box icon). The 'Sneakers' button is highlighted with a purple border.
- 2 Describe the unlisted item**: This section has a text input field with the placeholder 'Brand, model, colour, anything that helps' and an example 'e.g. Black leather Chelsea boots, plain, no logo'. Below the text field is a dashed box for a reference photo with the text 'Add a reference photo' and 'Optional - a screenshot or picture of what you want'.
- 3 Set the quantity**: This section includes a row of buttons for EU sizes (36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47). Below the size buttons is a text input for 'Other size or size notes (optional)' with the example 'e.g. W32 L34, or not sure'. To the right is a 'How many?' section with a text input containing the number '1'.

Choose the kind of item, describe it and set quantity. · computer · actual UI/sample records

- 1. Choose a kind.** Select the item category, or Something else if it does not fit an available category.
- 2. Describe it.** Enter the model, brand, colour and useful details. Add an optional reference photo if you have one.
- 3. Choose sizes and quantity.** Select one or more relevant sizes, add Other size or size notes if needed, and enter How many.

The screenshot shows a web form with two input fields: "Budget per piece (EGP)" and "Deadline or delivery city". Below these fields is a green button labeled "SEND REQUEST ON WHATSAPP". A purple arrow points from the first callout box to the "Budget per piece (EGP)" field. Another purple arrow points from the second callout box to the "Deadline or delivery city" field. A third purple arrow points from the third callout box to the green button. Below the button, there is a small line of text: "Free and no commitment. Everything above goes in one message, so we don't need to ask you again. Follow it in My orders."

4 Enter an optional budget

4 Add delivery or item details

5 Create the request and open WhatsApp

Free and no commitment. Everything above goes in one message, so we don't need to ask you again. Follow it in My orders.

Send an unlisted-item enquiry with delivery notes. · computer · actual UI/sample records

4. Add preferences. Choose Any condition or New only; enter optional Budget per piece and Deadline or delivery city. Explain size/quantity splits in the description.

5. Send. Click Send request on WhatsApp, then press Send in WhatsApp. Return to My orders to track the request.

12 Send the WhatsApp message

OPEN /orders/...

Two actions are needed: create the website order, then send its prepared WhatsApp message.

The order may exist even if WhatsApp did not open or the message was not sent. Check My orders before retrying the request form.

The order is saved. Open WhatsApp, then press Send there. · computer · actual UI/sample records

- 1. Create.** From the signed-in bag or request form, press the WhatsApp send button once and wait for the order page.
- 2. Send in WhatsApp.** Review the store recipient, item details and order number, then press the WhatsApp Send button.
- 3. On a phone.** WhatsApp may open as an app. Return to the browser afterwards to see your order.
- 4. On a computer.** Use WhatsApp Web/Desktop or complete the chat on your phone. The website does not press Send for you.
- 5. If blocked or closed.** Use Open WhatsApp / Open WhatsApp again on that order page. You can resend the message for the existing order without creating another.

13 Open your order and unlock the price

OPEN [/account](#) → [/orders/...](#)

You can close the browser and come back. Sign in and open the matching order from My orders.

A price code is different from a referral/discount code such as AHMED01. Use each code in its own field.

Match the order number and item photos, then open that order. · computer · actual UI/sample records

1. Open the order. Open the matching order in My orders. Finding your price means DR Reps is sourcing it. The site usually states one to two working days; contact the store if you need an update.

Before: enter the current price code for this order. · computer · actual UI/sample records

2. Receive the code. DR Reps sends a price code on WhatsApp. Confirm the order number in that message.

3. Unlock. Type the price code into Price code and click Unlock price. Upper/lower case and the dash are not significant.

After: Price unlocked and the actual quote amount appears. · computer · actual UI/sample records

4. Review. Read the total price and quote details. Unlocking does not accept the quote or pay for the order.

5. If it fails. Check the latest message and correct order. A changed price has a new code, so an older code may no longer work.

14 Apply an optional discount code

OPEN /orders/...

The discount field appears once the price is unlocked and before payment is recorded as Paid.

Invalid or paused codes are rejected. You can proceed without a code; it is optional.

Apply the optional active referral code after unlocking. · computer · actual UI/sample records

1. Enter a valid code. Type the referral/discount code into Discount code and tap Apply.

After: the applied discount and reduced total are visible. · computer · actual UI/sample records

2. Check confirmation. Look for the applied code, discount percentage and updated total. A prefilled code is not applied until you press Apply.

3. Understand the amount. DR Reps chooses the discount percentage. At 0%, the code can attribute a referral without changing the price.

4. One current code. The order holds one current discount/referral code. A different accepted code replaces attribution for that order; codes do not stack.

5. After payment. The discount field closes after payment. Ask DR Reps about any correction; there is no automatic retroactive discount.

15 Accept the quote and arrange payment

OPEN /orders/...

Read the quote, optional discount and payment instructions before agreeing to buy.

The screenshot displays an order summary page. On the left, there are three sections: 'Your price' showing 2,280.95 EGP (discounted from 2,401 EGP), 'Discount code' AHMED01 (5% off), and 'Payment' status 'Not paid'. On the right, 'Order #8' details a 'Ribbed Knit Sweater' with a price breakdown showing a total of 2,280.95 EGP. A 'CHAT ABOUT THIS ORDER' button is visible. Three callout boxes with numbered steps are overlaid: 1. 'Check the amount to pay' points to the price section. 2. 'Read DR Reps payment instructions' points to the payment status section. 3. 'Contact the store to agree payment' points to the chat button.

1 Check the amount to pay

3 Contact the store to agree payment

2 Read DR Reps payment instructions

Review the total and store instructions, then confirm with DR Reps. · computer · actual UI/sample records

1. Confirm terms. Contact DR Reps using Chat about this order. Confirm items, condition, size, quantity, delivery cost and timing.

2. Pay as instructed. Use only the method agreed with DR Reps and shown in the order's payment instructions. The website has no online checkout payment button.

3. Confirm with the store. Send the requested payment confirmation/details through the store's contact channel.

4. Check status. Payment shows Not paid until DR Reps records receipt. A delay in the status is a reason to ask the store, not to pay twice.

5. If you decline. Tell DR Reps before paying. Ask for alternatives or cancellation handling.

16 Follow delivery and report an issue

OPEN /account → /orders/...

The order page shows the delivery stage recorded by DR Reps.

The screenshot shows a user interface for an order. On the left, there are two status sections: 'Payment' with a green checkmark and 'Paid' status, and 'Delivery' with a green checkmark and 'Delivered' status. Below 'Delivery' is a progress bar with three stages: 'Preparing', 'On the way', and 'Delivered'. To the right, there is a summary table with the following data: Price 9,800 EGP, Discount (AHMED01) -5%, and Total 9,310 EGP. Below the table is a button labeled 'CHAT ABOUT THIS ORDER' and a link '← All my orders'. Three callout boxes with numbered circles point to specific elements: Box 1 points to the 'Paid' status; Box 2 points to the 'Delivered' status; Box 3 points to the 'CHAT ABOUT THIS ORDER' button.

1 Check the recorded payment status

2 Check the recorded delivery status

3 Ask DR Reps about delivery

An actual sample order marked Paid and Delivered. · computer · actual UI/sample records

- 1. Check payment.** Read the payment status recorded by DR Reps. If it has not updated after payment, ask the store before paying again.
- 2. Check delivery.** Read the recorded delivery stage. Preparing, On the way and Delivered reflect updates saved by DR Reps.
- 3. Contact the store.** Use Chat about this order for tracking questions, missing items or delivery issues. Include the order number.

Scenarios and next steps

Situation	What to do
Not shipped yet	The store has not recorded preparation/shipping. Confirm payment and expected timing if needed.
Preparing	The store is preparing the order. Ask DR Reps about address corrections or urgency.
On the way	The order is marked shipped. Ask DR Reps for courier/tracking details; the site does not show an automated live courier map.
Delivered	Check the received item against the agreed quote. Contact DR Reps promptly if something is missing, wrong or damaged.
Payment = Refunded	The store has recorded a refund status. Confirm amount, method and timing directly with DR Reps.
Tracking looks stale	Refresh/reopen the order and ask the store for an update. The customer cannot edit delivery status.

17 Reorder, switch devices or amend a request

OPEN /account

My orders is your saved website order history after signing in.

- 1. Switch phone / computer.** Sign in with the same full WhatsApp number including country code and password. Open the same order to see its price, payment and delivery.
- 2. Place another request.** Return to the shop and build a new bag, or submit Request anything again. Each submission creates a new order.
- 3. Do not assume an old quote.** A repeat order is sourced and quoted again. Availability and price may change.
- 4. Amend a submitted order.** Message DR Reps with the order number and requested change. There is no self-service edit of the submitted items.
- 5. Order entered by a partner.** If a referral partner logged the enquiry for you, ask DR Reps for updates. That enquiry may not appear in your website My orders account.

18 Unavailable items, cancellations and returns

[OPEN /orders/...](#)

Contact DR Reps about the specific order. The website does not have self-service cancellation or returns buttons.

Scenarios and next steps

Situation	What to do
Not available / We couldn't find this one	Ask DR Reps for alternatives, another size or a later sourcing attempt.
Want to cancel before paying	Tell DR Reps the order number and that you do not want to proceed.
Want to change size or quantity	Ask the store to confirm the amended terms and any new quote/code before paying.
Paid but want to cancel	Contact the store for the applicable cancellation and refund terms. A request does not itself create a refund.
Wrong, damaged or incomplete item	Keep the order number and clear photos; contact DR Reps for the agreed resolution.
Return / exchange / warranty question	Ask DR Reps to confirm the applicable policy for the quoted item before purchasing. The guide does not invent a policy or deadline.

19 Account, bag and submission problems

OPEN /

Scenarios and next steps

Situation	What to do
Empty bag	Add items from the shop, or use Request anything. An empty bag cannot be sent.
Bag disappeared on another device	The unsent bag belongs to that browser. Return to the original browser or rebuild it; saved account orders remain in My orders.
Too many bag selections	The bag allows 25 different item/size selections. Send a request, then start another if needed.
Product is no longer available	Remove it or ask DR Reps through Request anything. Hidden/deleted products cannot be newly added.
Wrong password / account exists	Use Sign in for an existing number; contact DR Reps for a reset. Repeated wrong login attempts require a 15-minute wait.
Request did not seem to finish	Check My orders and your WhatsApp message first. If an order exists, reuse its WhatsApp link rather than submitting a duplicate.

20 Codes, uploads and other error cases

[OPEN /orders/...](#)

Scenarios and next steps

Situation	What to do
Wrong price code	Use the latest price code for this order, not the referral code. Eight price-code attempts per hour trigger a wait.
Too many discount attempts	Wait an hour or contact DR Reps. Ten discount attempts per connection per hour trigger the limit.
Too many orders	Wait or contact DR Reps on WhatsApp. The account is limited to 12 order submissions per hour.
Photo will not upload	Use JPG/PNG/WEBP/GIF below 5 MB, check your connection and retry. You can describe the item without a photo.
Discount not available yet / already paid	Unlock the price first. Apply the optional code before payment is recorded as Paid.
Cannot see someone else's order	Order pages require the account that placed the website order. Sign in to your own account and use My orders.

21 Complete example: phone to computer

OPEN /shop → /bag → /account → /orders/...

Example only: amounts and items are not a live offer.

- 1. Phone: choose.** Open a sneaker page, choose size 42 and quantity 2, then tap Add to request bag.
- 2. Phone: submit.** Open Bag, sign in, add your city and send the order. Press Send inside WhatsApp.
- 3. Computer: unlock.** Later, sign in to the same account, open the order and enter the price code DR Reps sent.
- 4. Optional code.** If the quote is 1,000 and the configured code discount is 5%, Apply changes the total to 950. Confirm that on the screen.
- 5. Finish.** Agree payment with DR Reps. Reopen the order to follow Paid, Preparing, On the way and Delivered. Contact the store with the order number for any issue.
